

JetPeel Pre & Post Procedure Follow-Up

Before treatment:

1. Do not apply topical retinoids 48 hours before treatment.
2. Ask about contraindications. (you will be required to fill out a medical release form prior to treatment)
3. Remove makeup before beginning treatment.
4. You will be covered with a warm blanket.
5. Your ears will be covered with a headband.

After treatment:

1. Apply SPF cream after treatment and every morning at home care if you are treated with Glycolic Acid.
2. We recommend leaving solution on the face until bedtime and on scalp (if you had a PRP scalp treatment) until the next morning.
3. Avoid sweating – no sauna or gym – on the day of your treatment.
4. Do not apply retinoids up to 24 hours after treatment.
